CAMPBELL, THE ORCHARD CITY OF THE FAMOUS SANTA CLARA VALLEY

Campbell INTER-URBAN Press

FOR THE BEST INTERESTS OF CAMPBELL AND COMMUNITY

VOL. 32. NO. 8 CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. FRIDAY, AUGUST 20, 1926

California Ranch News

Lodi's first shipment of Tokay grapes has gone forward, fully two weeks earlier than ever before.

The huge total of 100,000,000 pounds of whole milk was received at Los Banos creameries and chees plants during 1925.

Three carloads of grapes have been sold from El Camino vineyards, Tehama county, already this year, and negotiations are under way for other shipments.

Fresh figs valued at $100,000 are being precooled at Merced to be shipped to eastern markets by the Pioneer Fruit Company. It will be the first experimentation in shipping fresh figs from this city.

Dr. O. J. Kern, professor of agricultural education, at the University of California, has re-organized his course on "The Rural Community, Its Organization and Its Institutions" for the coming year under the division of agricultural economics of the College of Agriculture.

Creamery and dairy interests are co-operating with the Kings county chamber of commerce and the farm bureau in arranging for the entertainment of the delegates to the annual meeting of the California Dairy council, to be held in Hanford, October 22nd and 23rd.

Tokay grapes around Lodi suffered severely from the terrific hot spell which recently swept the valley, as vineyards now indicate. Men whose opinions are taken as authoritative state that a survey of the district reveals a loss of almost 50 per cent in the normal production of Tokays.

As the first educational institution on the Pacific Coast, to offer such a professional course, the University of California, will this year inaugurate a four year course in Agricultural Engineering, to be given partly on the Berkeley campus and partly at the Branch of the College of Agriculture at Davis.

Fruit shipping in the Grass valley district is expected to reach its peak in a short time with the heaviest movement ever known in Grass valley. All varieties of the fruits grown here are virtually in full crop, and it is apparent that a vast amount of fruit in the non-commercial orchards will go to waste.

Kern county shipped more produce during the month of July this year than during the entire year of 1921, the carload shipments by volume totaling 1,461, according to W. C. Barber, horticultural commissioner. Barber expects this year's grape shipments will aggregate 5,000 carloads, of which one-fifth will be of the fresh raisin variety.

Fruit shipments from Auburn are heavier at the end of July than any other year in the history of the fruit business, according to J. P. Brady, manager of the Auburn Fruit Exchange. Brady announces that 236 cars have already left this his organization, and estimates total shipments for the Exchange will reach 350 cars, against the best previous record of 305 cars in 1922.

Sixty men have started to work picking onion seed on the 360-acre field on the Otto Spenker Ranch, three miles west of town. The men carry large sacks over their shoulders and cut the tops of the onions. It will be necessary to pick the field three or four times as the seed does not all ripen at one time. Last year this 360-acre field was planted to tomatoes.

At the request of the California Walnut Growers Association, A. W. Christie, assistant professor of Fruit Products of the University of California, College of Agriculture, has been granted leave of absence from September 15 to November 18, for the purpose of investigating and supervising the bleaching of walnuts during the packing season in the 45 packing houses of the association.

Farm workers in the eleven Western States of the Union, including California, are capable of an average of 3250 horsepower hours of work for every 1500 horsepower hours accomplished by farmers in other states, because of the greatest amount of animal and mechanical power they utilize, according to Professor L. J. Fletcher of the University of California. Professor Fletcher has just concluded a survey, the results of which he presented at the Fourth Annual western Region Farm Bureau Conference at Reno, Nevada.

Golden State
News of Interest to All

A total of 1,033,508 free text books were distributed by the state to elementary school children during the fiscal year which ended June 30, 1926, state educational authorities announced.

Mrs. Mary Jane Foster, 86, one of the few Californians who could trace her ancestry back to George Washington, died at Roseville a short time ago. Mrs. Foster was an early California setler.

Yuba county has paid the $1,000 pledged to Nevada county as its share in the fund given the state highway commission to improve the easterly end of the Tahoe-Ukiah highway, along Harmony Ridge in Nevada county.

Several thouand acres of the richest farm lands in the state were completely inundated recently when a Bethel Island levee burst above Antioch, eighteen miles west of Stockton. Crop losses exceeding $150,000 were reported.

Building airplanes is the latest industry in Redlands. Rex Hicks, owner of a garage, is now completing his first flying machine. Mr. Hicks has just brought two standard planes and has established an ariport for commercial work.

Steps to organize a water users' association, composed of irrigation districts and companies taking water from the Sacramento river between tween Red Bluff and Knights Landing, were taken at a meeting held recently at Colusa.

An increase in circulation of 25,000 books for Merced county and 8,209 for the Merced branch was reported by the county librarian, in the annual report of the county free library for 1925-26. The total circulation this year is 176,118 books.

The Great Western Power Company is taking steps to have the bodies removed from the old Indian cemetery at Prattville, Plumas county. The raising of the dam will flood the present site and the Indians have requested that a new burying ground be provided.

Poisoning of dogs in Sacramento has become almost epidemic, according to the statement of H. J. Winters, chief field officer of the Sacramento Humane Society. During the past month, Winters reports nearly three score canine pets in Sacramento have thus been put to death.

Dr. Herbert Ingram Priestleg, professor of Mexican history of the University of California, has just returned from a trip to Mexico where he made a study of present-day conditions, including the present religious controversies between the Catholic church and the government, in preparation for an international conference at Chicago University.

Some people seem to get all the joy out of life, and from the view point of the small boy, Miss Alice Bahrs is one of them, for Miss Bahrs has for her pets twenty-eight pups and six or seven larger dogs. Her pups are supplying material for a scientific paper she is preparing on "Reflexes" for the University of California Physiology department.

Plans for diverting water from the Kern river for the irrigation of lands in the Richgrove and Delano district and for a fertile territory probably as far north as Poplar in Tulare county, a few miles to the west of Porterville, were discussed at a meeting of the chamber of commerce in Delano. Preliminary plans call for the formation of a district of 60,000 acres.

The question of whether or not nature is continuing the processes today by which the petroleum beds of the world were laid down in past eras may be answered in the near future as a result of experimental studies being conducted at the University of California Scripps Institution of Oceanography at La Jolla, under the direction of Dr. Trask and the Petroleum Institute of America.

Students entering the University of California with the intention of obtaining a teacher's certificate, should devote more thought to the subjects they specialize in, because at the present time there are more teachers than jobs for some subjects and not enough teachers to fill the demand in others, according to Mrs. M. L. Cheney, appointed secretary for teachers of the University of California.

County Assessor Threlfall of Stanislaus county, has made public the new assessments on Oakdale property, showing a big increase, although the bulk of it is on operative property, the taxes on which are paid to the state by the corporations. For Oakdale city, non-operative, the total is $903,585, as against $890,865 a year ago. The increase is on improvements, being $420,135 this year as against $406,100 a year ago.

SECRETARY HERBERT HOVER ENDORSES CONG. FREE IN LETTER TO PRES. WILBUR

The following letters have been received from Hon. Herbert Hoover and President Ray Lyman Wilbur of Stanford which give Arthur Free, candidate for re-election to Congress, most complimentary endorsements.

STANFORD UNIVERSITY
Office of the President

Stanford University, Calif.
August 11, 1926.

The Honorable Arthur M. Free,
Theater Building, Room 18,
San Jose, California.
My Dear Mr. Free:

I think that you will be interested in a letter which has been written to me by Secretary Hoover, who is a resident of your Congressional district. I am very glad to send it on for you to use in case you wish to do so, as I feel that your services fully justify the commendations expressed by Mr. Hoover. Will you be kind enough to return the letter to me when you are through with it.

Best Wishes,
Very sincerely yours,
Ray Lyman Wilbur

R. L. Wilbur ELF
Enc.

DEPARTMENT OF COMMERCE
Office of the Secretary
WASHINGTON

August 6, 1926.

President Ray Lyman Wilbur,
Stanford University, Calif.
My Dear Wilbur:

I notice that there have been a number of entries against Arthur Free in our congressional district. I am sorry to see this, simply from the point of view of the interest of the State of California and the country generally. Free has shown himself to be one of the ablest men that California has in Congress. Not only has he been most zealous in the support of every California matter but he has created such a measure of esteem in Congress generally as to give him a very wide influence, and already he has gained a ranking position on several of the most important committees, such that could not be replaced except by years of service from any one else.

The one reason why many localities in the United States apparently dominate Congress is because they have learned that continuous service of good men places these men in strategic positions and gives them experience and skill in public affairs, which results in enormous results to their districts and to their states, and the country at large. It would be a great pity for our district and for California to lose the great gains in this direction that Free has accomplished. Changing good men to Congress every two or four years absolutely negatives their possible service. It requires at least two or three years of apprenticeship for them to learn their way about in the government departments and in Congress itself, as well as in the understanding of national problems, all of which is purely wasted by constantly shifting personnel.

I have no doubt that Mr. Free's opponents are good men, but if the district and California wish service, and if they wish to contribute to national service as well, they should maintain skill and experience in continuous service just the same as any business concern would do.

Yours faithfully,
Herbert Hoover.

HH-MM

GOV. YOUNG HERE

Lieut. Gov. C. C. Young visited Campbell Tuesday afternoon on his campaign tour about the county. C. H. Whitman introduced the Candidate remarking on his appearance here on Old Settlers Day as speaker of the occasion.

Mr. Young addressed the gathering of men and women at the J. C. Ainsley corner on the issues of the gubernatorial fight.

Mrs. Kenneth Vance of Detroit, Mich., is the guest of her relatives, Mr. and Mrs. W. H. Stray and plans to remain until after Labor Day. Mrs. Vance came west as a delegate from the Kappa Kappa Gamma sorority of the University of Michigan at Ann Arbor, to the national convention which met in Oakland last week.

You don't see many political parades on foot any more. A pedestrian's life is too short to risk to save the country.

PUNDITAS ENJOY CARD PARTY

Pundita Circle sponsored a lawn party Wednesday afternoon at the beautiful country home of Mrs. L. J. Carboni on Santa Clara-Los Gatos road. The spacious lawn surrounded by flowers and vines and shaded by a magnificent oak furnished a lovely setting added to which is a delightfully quaint flower garden with fountains built of boulders.

An interesting program including the following numbers was thoroughly enjoyed "Blow, Blow, Thou Winter Wind" from "As you Like It" and" Smilin Thru" were sung by Mr. Carboni, Miss Anna Schulte recited "Miss Witchhazel and Mr. Thistlepod," Kentucky Philosophy" and "Little Brother," Miss Olive Hanger played "Arabesque" by De Bussey, and "Polichinelli" by Rachmaninoff, Miss Margaret Pardee sany "Memory," "Peggy" and Toy Balloon, and Miss Bozena Kalas played "Fugato-Humoresque" on the theme of "Dixie" by Manna Zuka, and Mazurka in G by Chopin.

Conversation and cards with a service of punch and wafers completed a very pleasant afternoon.

MRS. ALLEN INJURED

J. T. Allen of San Martin, formerly of the Campbell Union Grammar school faculty, who has been here this summer was called to Visalia a few days ago. His father and mother, Rev. and Mrs. H. C. Allen were in an automobile accident in which their machine was side swiped by a Nevada Touring Car. Mr. Allen was not badly hurt but his wife suffered two fractures of the pelvic bone. Physicians said that she would have to remain in the hospital from three to six months lying flat on a board to insure proper knitting of the bones.

Redwood Park

A number of postal patrons have been misinformed as to mail for Redwood Park, commonly called Big Basin in this part of the state. Mail to parties in the park should be addressed Redwood Park, Calif., as that is the name of the post office. A stranger to our section of the state would not be able to locate "Big Basin" through postal guides but could readily find Redwood Park and this name is also the better one by which to advertise Our Camp Fire Girls are camping at Redwood Park, Calif.

S. C. COUNTY BOOKLETS FREE TO FRIENDS

The new illustrated booklet of Santa Clara County is now available for distribution. Copies will be mailed free to your friends outside of the state upon receipt of their names and addresses. This offer of service is made through the courtesy of B. O. Curry.

Southern County Will Hault Autos At Grade Crossings

Road signs now are being posted on highways in San Bernardino county and other preparations being made to enforce a new "boulevard stop" ordinance that becomes effective in the elec-

Violation of the new ordinance is a misdemeanor, punishable by a fine not to exceed $300. Section four of the ordinance states that "this ordinance is required for the immediate preservation of the public peace and safety."

The San Bernardino ordinance is similar to one adopted several months ago by the supervisors of Contra Costa county. Other California counties are considering ordinances creating boulecard stops at grade crossings.

State regulations require all motor busses to stop at crossings and such instructions have been issued to their truck drivers by a large number of corporations in California.

KIWANIS CHARTER NIGHT SEPT. 25

Campbell Kiwanis Charter night has been set for Sept. 25. This will be one of the big outstanding events in Campbell Kiwanis history and the club members are working on plans for its program. President Alison is selecting his committees for the occasion to be announced later. At a meeting of the directors Tuesday evening it was voted to sponsor the summer camp at Redwood Park for the Camp Fire Girls of the county.

The club also will head a safety campaign planning to secure safer curves and railway crossings in this vicinity. At the Wednesday luncheon Edward Towner, director of 20th district I. O. O. F. band played two cornet solos with Dr. Merrill at the piano.

Secretary Farley told of his enjoyable and profitable trip to the district conclave at Santa Monica and promises a complete report at a later date.

Wendell Thomas and Charlie Crook of San Jose were present to assist with the big night plans. The talk of the hour was given by Chauncey Whitman who told of his enjoyable trip east. Charlie Shumway, who acted as ringmaster says his geography was "perfect." Who knows?

Judge Percy O'Connor is to be the speaker at the luncheon next Wednesday.

NEW TRACT SOLD IN RECORD TIME

The S. G. Nelson Estate, which was purchased by the Orchard City Grange has all been resold except the two lots which the Grange retains for its new hall.

The new owners are Lot 1, Edward Seekins; 2, Wilbur Blagdon; 3, E. K. Clendening; 4, Harry Barnes; 5, Louis Shelley; 6 and 7, Orcharge City Grange; 8 and 9, Antone Ferro; 10, Dr. C. E. Farman; 11, Dr. W. I. Merrill; 12 Mrs. Mildred Nesbit; 13 and 14, S. N. Hedegard.

S. G. Nelson and Mrs. Lena Rodeck deeded the land for a street to the county when north third street was pratially opened several years ago.

MYSELL BUYS MC GLINSEY FARM

The Peterson-Hedegard Ranch, the old McGlinsey place, has been sold to W. C. Mysell of San Francisco. This ranch is located about three quarters of a mile south of Campbell and is noted for its abundant crops of quality prunes. It has a wonderful water supply being on the Kirk ditch, and also has a deep well pumping plant which supplies the neighborhood with water.

Mr. Mysell, who is a business man with offices in San Francisco is planning extensive improvements and will make it his country home.

I O O F TO HOLD ANNUAL ROLL CALL

Morning Light Lodge No. 42 will hold their annual roll call on the night of September 9th. This meeting night is the nearest to the anniversary of the institution of the lodge, September 6th, 1894. Invitations will be sent out in the near future to every member of the lodge and a large attendance is expected. The committee in charge have arranged a very pleasing program which will begin with a most inviting dinner at seven o'clock. Two of the original charter members, B. O. Curry and J. H. Campbell, who are still active in the interests of the lodge will be present and take a part in the celebration.

RE-APPORTIONMENT

Los Angeles, never famous for any regard for others when seeking an advantage, has filed with the secretary of state an initiative petition to place on the ballot a re-apportionment plan which would give to Los Angeles, San Francisco and Alameda counties entire control of the state legisalture.

Thousands of dollars have been spent in securing signatures to this initiative, and even the machinery of the Los Angeles Chamber of Commerce has been utilized to give to Los Angeles county, San Francisco and Alameda counties the most unfair advantage over the rural sections ever conceived by a grasping community.

Los Angeles sends her missionaries through the valley, by special train, asking that the San Joaquin buy her manufactured goods and in turn Los Angeles will buy our diversified products. Returning home she frames an initiative that would deprive the San Joaquin of representation in the state legislature.

Nearly one hundred thousand dollars has already been spent by Los Angeles in securing the necessary names to get her re-apportionment proposal on the ballot, and from a reliable source it is learned that that budget to put the proposition over at the general election has been set at $120,000.

In opposition to the Los Angeles re-apportionment plan is what is known as the Federal Plan. This latter plan is being sponsored by the California Farm Buraeu Federation, Chambers of Commerce, Service Clubs, Women's Clubs and all sorts of organized bodies, merely in a spirit of fairness to the rural districts. In plain words the difference between the Los Angeles Plan and the Federal Plan is Rural Rpresentation vs. Metropolitan Control. If the Los Angeles Plan succeeds it will mean control of the rural districts by the three large counties—Los Angeles, San Francisco and Alameda. The rural districts will be left without representation.

—Porterville Evening Recorder

Following is part of an editorial "Shall We Nullify" which appeared in the August 7th issue of the Dearborn Independent. It puts so clearly the exact status of the conditions of our government that it is well worth everyone's reading.

Occasionally a reader of THE DEARBORN INDEPENDENT writes that the only fault he has to find with this paper is that it stands for Prohibition. This paper was not in existence when Prohibition was established in the nation. Coming upon the scene as a magazine, THE DEARBORN INDEPENDENT found that after nearly a century of public discussion in this country, the states, by a great and unusual majority, had adopted the Constitutional Amendment making Prohibition part of our basic law, and we knew as a matter of history that many states had previously adopted that rule by popular vote. Finding the Constitution as it is, this paper has no alternative but to uphold the Constitution. If, as the liquor interests say, the people do not want Prohibition, they may remove the amendment by the same means which they used to adopt it. That is what Senator Borah is telling the country. But nullifying the Constitution is another thing and, as Senator Borah points out, a cowardly and debasing thing, compared with which revolution is manly and courageous and upright. The reluctance of the liquor interests to trust to the constitutional method very clearly indicates their conviction that the people will not withdraw the amendment.

CALIFORNIA DUE FOR STEADY DEVELOPMENT

A boom is a blessing only when the cost of its inflation does not exceed the solid values that it leaves behind. California and Florida, the two states that have been particularly blessed and cursed with so-called booms, both have suffered the strain of inflation; but in spots where real values were, the sediment that was left became something real and worthwhile. But where no real worth was revealed in proportion to its advertised value, where only unscrupulous sharks sought to get rich through undue influence, there was left in the wake of the storm sad tales of financially ruined men and women.

California does not want these ill-created values. Advertising of communities is as laudable as advertising of goods if it is ethical and honest. What California wants, and what we are all striving for, is the steady development that consumes capital in proportion to the ability of capital to turn resources into the products of human consumption. This may result in a house, a plow, a factory, a skating rink or a bin of grain —it matters not which, so long as every dollar invested and every hour of labor applied are commensurate with fair returns of sound investment and honest toil.

California and Santa Clara County are normally sound. Our people are a determined lot when they put their shoulders to the wheel. We want no gangsters whose aims are predatory. And it is because California is enjoying solid values that the roving nomands are likely to continue their ways among us. Every honest real estate dealer in California will join in keeping them out, for they hurt business, they prevent real prosperity. If California can remain level-headed and continue the good start it has made, we will see a period of growth and expansion that is based on something more substantial than the bally-hoo of the financial charlatan.

If California has to compete with the invasion of farm products from Southern Europe and Asia, lower prices for those products and lower wages will follow. To keep up the standard of living vote at the August 31 primary to return United States Senator Shortridge, protectionist of tried worth.

Mrs. J. C. Ainsley and her niece, Miss Mabel West, who have been enjoying a motor trip through the northern part of the state arrived home Tuesday coming back by Lake County. They went up the Redwood Highway to Eureka and visited several other beautiful places.

Many former Campbell friends of Mrs. B. N. Wells, who resided on Payne Avenue several years ago, will be pleased to learn that she has returned to California. At present she is in San Jose but has accepted a position as teacher in Palo Alto for this school year and will make that her home.

Acquiring a Competence

"Stone on stone makes the heap," says the old Roman proverb. A definite amount saved each pay day builds up a fund that will take care of you when you are old, or if an ill wind should blow. Four per cent interest on deposits. compounded semi-annually, yields rich results in a very short time for the consistent saver.

Town Tales Tersely Told

An effort is being made to hold band concerts in Campbell Saturday evenings.

Tom Byrnes returned to Berkeley last week to resume his studies at the U. C.

The 20th district I. O. O. F. band will furnish the concert August 29th, broadcasting from KGO Oakland.

Graham Peake is enrolled at the State University and Kenneth will enter Stanford when that University opens.

Mr. and Mrs. Harry B. Ziegler of Los Angeles are expected today for a weeks visit with his sister, Mrs. E. E. Sower.

Miss Beth Kennedy, who underwent a double operation recently is now at home and is concalescing satisfactorily.

A. W. Sleeper and family left Tuesday for Newport, R. I., where Mr. Sleeper, who is a machinist, has a good position waiting for him.

Mrs. Cora Ricker has purchased the Mrs. Mary Shelly property on Harrison street and expects to soon move into her newly acquired home.

Friends and pupils of Miss Violet Olterman are receiving cards and letters telling of the delightful trip and visit in Alaska, which she is enjoying.

Mrs. Norman Kelley, who was very seriously ill last week at the San Jose hospital, following the birth of a son, is slowly improving, after a blood transfusion.

Mrs. H. E. Lillingston and little daughter, Patsy Ann, who have been ivsiting Mrs. Hattie Baugh and family will leave Sunday for their home at Marceline, Mo.

William Robinson and Everett Davis who joined the the Naval Reserves are on the destroyer Hazel Wood, which is cruising in southern waters for two weeks.

Mr. and Mrs. E. C. Merrill and sons, Edward and David, left Wednesday for Yosemite, to remain over Sunday. Miss Elsie is with the Camp Fire Girls at the State Redwood Park.

"Uncle" Joe Bohnett returned last week from a visit of several weeks at Ann Arbor and other Michigan points .He came the southern route and also visited relatives at Los Angeles.

Mr. and Mrs. Fred Rost returned last week from a vacation trip south. Miss Clarisse Frost will leave next next Tuesday for San Francisco where she will enter Lan eHospital as a student nurse.

Mrs. Wells has been living in Utah since leaving Campbell, but decided that school advantages for her children were better heer. It will be remembered that Mr. Wells passed away some years ago in Utah.

Rev. E. E. Oakley of Palo Alto will conduct the morning services at the Congregational church Sunday. Mrs. R. H. Hyde will sing, and in the absence of the organist, Miss Mahan, Mrs. G. S. Robson will be her accompanist.

L. B. Mallory and wife of Fresno who had been visiting their father-in-law C. E. Case left Wednesday. They have been travelling over considerable territory wtih Mr. Lyle, of Barngrover and Lyle, but liked Santa Clara Valley best.

The new house which D. A. Webster has been building on the San Jose-Los Gatos Highway near Los Gatos is practically completed and the family will move next week. We regret to loose such fine citizens from our town, but shall help to see them often.

Mr. and Mrs. L. D. Webster (nee Edna Beardsley) have been visiting her mother, Mrs. May Beardsley, on their way to their home at Julian, southern California. They have enjoyed a delightful two months trip which took them east to Erie, Pa., returning the northern route and visiting Yellowstone Park.

JESSIE H. PURMORT

With deepest regret the friensd of Mrs. Abner A. Purmort learned of her death, which occured in the San Jose Hospital at 10 p. m. Wednesday, Aug. 11. She had been seriously ill over a long period.

In the seventeen years that Mrs. Purmort was a resident of Campbell, her cheerful disposition and warm heart endeared her to all who were so fortunate as to know her. Few of her friends realized what physical pain she concealed for long with her habitually pleasant words and sunny smile. Mrs. Purmort's neighbors and many other friends in our community will sadly miss her.

Mrs. Jessie Holden Purmort was born in England in 1874. After becoming a resident of this country she met Abner A. Purmort in Minnesota, where they were married twenty-six years ago. She came with her husband to Campbell in 1909.

Mrs. Purmort is survived by her husband, A. A. Purmort; by two brothers, Thomas Holden of England, and Joseph Holden of Anoka, Minn., and by a sister, Mrs. William Lambert of Seattle, who was with her during the last three months.

Funeral services were held last Saturday afternoon, Aug. 14, in the funeral chapel of Thomas Monahan. The Rev. F. C. Farr, officiating minister, told of Mrs. Purmort's cheerful courage and faith during her last days. The minister sang a solo, "Perhaps I Am Nearer Home;" and he and Mrs. J. D. Blaine sang as a duet, "Beautiful Isle of Somewhere." The casket was borne by Harry Richmond, M. E Mumma, Henry Young, C. H. Davidson, William Ohlen and Gilbert Newcomb. Interment was private.

STATE FAIR, SEPT. 4—11

Mr. and Mrs. Al Huxley of Owensmouth were guests at the home of Mr. and Mrs. M. J. Bohnett the first of the week.

Mrs. Ben Austin who has been ill for some time is reported steadily improving. This is doubtless due to the efficient care of her daughter, Marian.

Mrs. R. Alison has received word that her father, whose illness was mentioned last week is very materially improved with prospects of nearly complete recovery.

Mrs. R. H. Hyde will sing at the Sunday morning service at the Congregational church and in the absence of the organist, Miss Mahen, Mrs. G. S. Robson will be her accompanist.

Mr. and Mrs. D. H. Cramer have as their guests Miss Margaret Fluckey, of Alhambra who returned with them Tuesday from thei rtrip to the Kiwanis convention at Santa Monica, and will remain for a mont.h

Excavation for the basement of the F. R. Herring house has been started. It will be erected o nthe lot south of the H. Hoerler property on Winchester Road, a part of what was all at one time the Mission Hatchery Ranch.

Mr. J. H. Neff is exhibiting a fine specimen of a Chinese gourd in the Press Office windows. He grew the vine from imported seed and has trained it through a prune tree. The Chinese use these gourds cleaned out and dried for sewing baskets.

Miss Lucy Joy who several years ago graduated as an anesthesist left last week for New York where she will "freshen up" a little at the nurses Post Graduates Hospital and Medical School and then will accept a position in the east somewhere.

Geo.. R. Stray who recently accepted a position with the Edison Co., in Los Angeles has had two promotions and is now superintendent of a electric plant at Bakersfield. Mr. and Mrs. Walter Stray planned to leave today to visit him at his new location.

Miss Georgia B. True will arrive from Seattle Wash., the last of the week and will be a guest at the H. C. Smith home. Miss True was formerly editor of the "Rosebud County Record, (Forsyth, Mont.,) and recently of the Moore Independent," (Moore, Mont.)

COUNTY TREASURER

WHY CHANGE?

SHORTRIDGE WAS LAMPLIGHTER

School Janitor, lamplighter, mining blacksmith, school teacher and principal, lawyer, newspaper publisher, United States Senator—Samuel M. Shortridge, candidate for re-election to the Senate, has run the gamet of them all.

It was in San Jose, where as a boy he worked as a lamp lighter for the city when gas street lights were used, that Shortridge was newspaperman, later to become identified with a leading San Francisco morning paper.

Senator Shortridge bought the Mercury-Herald in San Jose and installed his brother, Charles M. Shortridge, as editor. Later he became interested in the San Francisco Call, and under his leadership it became one of the foremost morning papers in California.

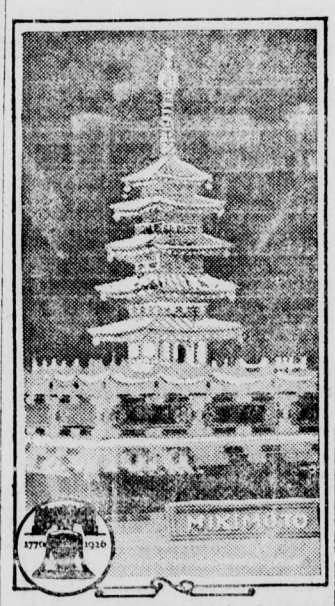
Although before his election to the Senate in 1920 Senator Shortridge had never held public office, for forty years he has been actively and prominently identified with the Republican party in California.

In many a hotly contested campaign he was called upon to participate as principal orator. In the interests of his party's candidates, he toured the state from San Diego to Eureka frequently, and always at his own expense.

His forty years practice as a lawyer in California are marked with unusual success. Lawyers who lost cases in trial courts called upon him to conduct these cases when re-trials were granted. Throughout his career he has been known as a man who "gets what he goes after."

This trait of his made him invaluable in all matters at Washington involving the welfare of California.

Millions in Pearls



This pagoda, a part of the Japanese exhibit at the Sesqui-Centennial International Exposition in Philadelphia, celebrating the 150th anniversary of the signing of the Declaration of Independence, is made entirely of pearls and its value exceeds $1,000,000. The exposition continues until December 1

Freight traffic through Benicia is heavy at this season. There are three fruit trains through every night averaging about one hundred and fifty cars each. This will keep up for about six weeks which will make a total of about 7,000 cars of fruit passing this point to Oakland and other points west. Most of the fruit is peaches. Recently twenty-six westbound trains passed through Benicia in twenty-four hours.

A laboratory for the comprehensive study of diseases in poultry will be established at some central point in San Fernando valley if plans fostered by the Associated Chambers of Commerce materialize. The proposed laboratory will be operated in co-operation with the agricultural depart-

4 NEW POWER PROJECTS

This company is now actively engaged in four major power developments that will provide electric energy at low rates for our growing number of homes, industries and farms. These developments will particularly aid the farmers. Water stored during the Winter will be released during the Summer and Fall when most needed.

Through business initiative and the aid of customer ownership, the company has been able to finance and develop these projects effectively and efficiently.

Rates are low in California—Service is a model for the rest of the United States.

Since 1913, the cost of living increased 65% while the cost of electricity decreased.
